WORK EXPERIENCE

Fiverr Ltd.

Remote

[Level 1 Seller](#)

Dates: Jan 2021 - Present

- Create WordPress websites for clients from all around the world which includes setting up hosting, migrations, DNS configuration, nameserver configuration, & SSL setup.
- Designing a responsive website based on the requirement of the client using the Elementor Website Builder and troubleshooting existing issues based on the same page builder.
- Working on tight deadlines, meeting the expectation of customers, and working on the backend of the website to do caching optimizing image sizes, and minimizing CSS and JavaScript.
- Do necessary and basic on-page SEO to meet the demands of customers like setting up the Robots.txt, Ads.txt, and Sitemaps.
- Writing website content or blog posts for clients that are interested in the service, usually How-To & long-form articles.

K.V Educational Academy

Hyderabad, T.S

System Maintenance

Jan 2019 - Apr 2020

- Maintained the main system, scanned for malicious activities, and installed windows and other required software from time to time.
- Analyzed the network and make sure the CCTV remains connected and accessible to the network.
- Resolved the ongoing error on the windows and network and maintain the records and logs of the activities including the staff login and logout.

LEADERSHIP EXPERIENCE

TownHustle

United States

Editorial

Dates: Jan 2019 - Jan 2021

- Picked and scraped best-selling pest products from Amazon & review the products for the readers. Reviewed and work with the team of writers to generate content for the affiliate site.
- Edited the articles as per the SEO tactics needed, wrote metadata, and titles, and get leads for the guest post by cold mailing bloggers in similar niches.
- Been part of 2 years affiliate blog project where I put in my problem-solving skills, learned to work under pressure, and time management.
